Re.: revival

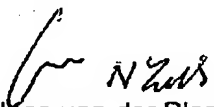

Dear Sirs,

We refer to your communication dated 03/16/2005.

This abandonment is unintentional, and caused by a change of representative, where there has apparently been a misunderstanding - the response in our deadline system is due May 22, 2005.

We will now immediately find a new representative in the US and this agency will file a petition to revive this patent application.

Yours sincerely,  
NVB International a/s

  
Nicolaas van der Blom M.SC.  
President
